Newsletter No.166

Hello to Everyone,

Wonderful weather, enjoy the autumn –the most enjoyable season of the year. By now Rachael and Jono Arnold would have their third child safely delivered. Congratulations to you both. While Dawmac has lost Rachael’s services for a few months we are fortunate to have secured Yasmin Loomes as a staff member working both here in Berrigan and with Wendy in Finley. We also congratulate Tamara Graham on her purchase of a new house in Berrigan. Shannon Sandral has also returned to work after her honeymoon with Patrick in the USA.

Autumn officially commenced 1st March - but appeared to be a couple of weeks early this year. The question on most farmers minds, will be the weather between now and the cold months of winter. There needs to be a huge amount of activity completed. When will the first valuable rain event occur? Mid March would be ideal. Not sure how we achieve the balance required between harvesting Summer crop and planting winter grain crops? On work activity we advise Harley Middleton has moved to Shepparton and sadly is no longer in our employment. We do wish Harley all the best for his future and thank him very much for his work dedication over the past 4 years.

We currently do not have an Auto Electrician/ Air Conditioning Technician employed. Yes we have every intention of continuing these services to the region and currently we are still advertising and doing interviews. We do need to locate the right person for this position. Please spread the word that DAWMAC has a work position available for a Qualified Automotive Electrician with Air Conditioning Experience.

Will DAWMAC catch up on our accounts? We are trying!
We apologise for no newsletter without last accounts (August 2016)

Cheers and good health
