Welcome to Winter!

Great to see some rain, we need a lot more very soon. The ground has opened up to accept more moisture but the penetration is currently only 25 to 35mm in most soils. Berrigan now offers a wonderful shopping experience for an afternoon out on Friday or Saturday. With our six specialty shops in town opening on Friday and Saturday, one can have a unique browsing experience, The Nook (Jackie), No. 42 (Michelle), Blue Highways Gallery (Mark), BookinChanters (Cristina), Berrigan Shoe Repair (Ben) and Avalook (Sue).

Then looking for something to eat? Great choices for lunch, The Café, The Berrigan Bakehouse, Blue Door, Royal Hotel, Federal Hotel and don't forget Lam for Chinese up at The Community Club.

The Federal Election, that's over but the issues have not been resolved. Susan Ley is to be congratulated on her win that in the end was too easy. As a whole, the seat of Farrer is a very conservative seat and that showed up in the voting with a lot of people choosing to stay with our sitting member. People were unsure what they would get by voting for Kevin Mack. Now we need to work with Susan to regain the importance of agriculture to the region and understand just how reliant our local communities are on that agricultural trade—the key word is still water and the MDBA plan was about how we should all share in this limited resource.

Remember 30th June 2019 is the end of another financial year. Until next time.

Cheers and Good Health—John P Lane (Managing Director)

THE NOOK *On Chanter A*

Whilst Jacqueline is a quiet person and having spent many years working in Finley, Jacqueline feels like she has never bought much to the Berrigan township. Not being much of a fisherman or golfer she really had to find something else to quantify her time, opportunity came with the gift from John Strelec to, "have a go," in a building he had purchased. As sad as the building looked, a lick of paint and some refined design with the help of Laurie Sanders has made it blossom . When asked if she will continue to "have a go", yes I will. Thank you to those of you that have visited in the interim and made Jacqueline feel like this project is something valuable to the area. Jackie—0428 852 794
