Newsletter No. 235

Hi to everyone,

A long time between newsletters & monthly accounts. Our apologies for any inconvenience, the last newsletter was two months ago. Hopefully we will play catch up over the next months and be caught up with monthly accounts and have them just where they are meant to be, monthly.

Autumn has arrived, shorter days and fewer warm days have also materialised. Summer is over and cool to cold weather is not far away. Now just hope for that Autumn rain event to occur and again commence another positive winter cereal season.

With our daily lives now returned to 'normal' – post COVID – how quickly we all take for granted the freedoms that for two years were denied to all of us. As a good friend put this scenario the other day "not sure how you remember things but I find it amazing how unreal it all seems now – a bit as though it was something I read in a book". Events have returned in earnest – especially with Easter just around the corner.

A quick update on Trent (and his wife Aleks). They are back living in Sofia, Bulgaria. All going well, they will be back in Australia by the end of April 2023. Trent has just 'celebrated' 12 months since being diagnosed with cancer and to date, all results are positive.

Live well – enjoy each day.

Cheers and Good Health—John P Lane (Managing Director)
