# LOCAL DRAMA

Berrigan was very fortunate to be chosen to hold a free residential holiday camp for young people aged from 12-18 in the school holidays. This was held in from the 17<sup>th</sup>-21<sup>st</sup> April in the Berrigan Public School the

Sportsground and the War Memorial Hall. The Camp offered workshops across multiple areas music, drama, animation, textile design, songwriting, story writing, recording videoing. Tutors came from The House That Dan Built in Sydney, and also locals Helen Dickie and Ben Stonnill. Students came from everywhere Sydney ,Deniliquin, Howlong, Finley,Tocumwal and of course Berrigan. The camp culminated in a performance held in the North Tuppal Woolshed kindly provided by the Atkinson Family. The performance was a space themed journey. The young performers did an incredible job and it was wonderful to see the Woolshed come alive with the outstanding display of talent that had been completely written and performed by the students. Such a wonderful successful week and an amazing opportunity for country students, lets hope it can continue.

## Newsletter No. 237

Hi to Everyone,

May, the last month of Autumn for 2023. Wonderful start to the Winter cropping season. Rain has abandoned the area currently, providing an opportunity to plant Oats and Canola. Not long before Barley and Wheat will be in the ground commencing their growing cycle. Always unsure what mother nature has in store for our future weather but here we are at the end of 2022\23 irrigation season with water storage system reaching 90% capacity into winter.

We will welcome back Alek and Trent Lane to Australia and to Berrigan again on Tuesday 9<sup>th</sup> May 2023. Trent will again be seen at Dawmac Berrigan and Finley. He is doing very well presently.

I notice the Southern Riverina Hunting Club is holding a Fox drive on May 20-21<sup>st</sup>. Meet at the Daysdale reserve by 7:30am. Many rules and guidelines ensure everyone's safety. This is a wonderful activity by the hunting club. Unfortunately that this is a necessary action trying to control introduced vermin, the other upside is the opportunity this action provides in teaching young & old about respect for firearms combined with safe handling and use of a firearm while achieving a positive outcome for the Australian Environment.

The Berrigan ANZAC Day march and service was very enlightening. Congratulations to Jeff and his team from the local RSL for putting together a great format very much focused on local people. The cemetery walk by the Museum Committee followed by lunch made the whole ANZAC Day experience more meaningful.

The Berrigan News has seen a big revamp. A huge amount of work provided voluntarily by Amy Batten and her small team of helpers. Thankyou. Live well.

*Cheers and Good Health—John P Lane (Managing Director)*
