Newsletter No. 239

Hi to all

The middle of winter-? No, just the shortest day (or longest 2 nights). As an area we have been very fortunate with the weather – again. Rain has arrived (just in time for many) when one month ago the forecast was for a dry period. Now we just need to wish for rain in August, the idea is to come out of August wet – especially when the weather man keeps predicting a dry year, he cannot (unfortunately) be that wrong – his dry period will arrive.

The end of another financial year has arrived. Time to once again take a snapshot of our finances, a bit like a health check up from the doctors only this is an ATO checkup. It will be interesting to see where the Australian Economy is up to come the end of 2023.

Product supply – definitely improving. Suppliers, along with many other industries, are struggling with staff and as well as experienced staff. We are encountering mistakes and errors from suppliers plus a lack of enthusiasm from them to action orders or enquiries. Please bear with us as we work our way through these challenging times.

We have welcomed Trent and Aleks Lane back to Australia who are both working within the business. You will see them around Dawmac and JDS in Finley.

As you may have noticed, we are working hard to have accounts up to date with the aim to move to invoicing live in the next few months.

Today we farewell Ash Harvey who begins maternity leave as she prepares for her second baby. We wish her all the best over the next weeks and look forward to hearing the good news.

Just a reminder that the power in Berrigan will be out on Sunday, 25 June.

Enjoy the 2023 winter.

Cheers and Good Health—John P Lane (Managing Director)
