Newsletter No. 238

Hi to everyone,

Winter temperatures have arrived early this year, the rain has vanished – the weather continues to be unpredictable. At least there is some safety with water in the dams.

This will be our first normal winter trading in 3 years.

Where 50% or greater of the farming population venture away over winter months – overseas or galivanting around Australia.

Covid, while still present is not the huge influence any longer on social activities in Australia or the world. It would appear many other winter illnesses are causing everyone concerns – please be wary of the common flu, it is back with vengeance.

Dawmac is planning to make the most of these quieter winter months to reorganize, tidy up and sort out our large stock holding. We are looking for new staff, put your CV in if you believe your skill set will be an asset to Dawmac.

Also be warned – we have just processed our February 2023 accounts and plan during June 2023 to process both March and April invoices, with a slim chance of also doing May 2023. Guess by the end of June we know how we have gone with this project.

We live in this wonderful country - Australia. Our region is special and we all need to continue the volunteer work that our community forefathers in those early pioneering days that lead to the facilities which we all enjoy today in all of our townships.

Stay vigilant – keep healthy & live well, caring for others.

Cheers and Good Health - John P Lane (Managing Director)

SEEKING COMMUNITY FEEDBACK
COUNTRY UNIVERSITY CENTRE (CUC) FINLEY

How would you feel if your children had the opportunity to attend University in or close to their home town?

With Berrigan Shire predicted to continue its growth over the foreseeable future, the implementation of a CUC in Finley will only assist in furthering the educational opportunities of our communities.

Berrigan Shire Council welcome this initiative and fully support the establishment of CUC facilities not only in Finley, but throughout the Southern Riverina area!

Wednesday 24 May
5:30 PM for 6:00 PM START
