## Newsletter No. 240

Hi to everyone,

July has come and gone – August – our last month of Winter & I believe everyone will be happier when the warmer weather and the sun arrives! This Winter must go down as the most sunless Winter I can recall.

Perhaps a piece of history for Dawmac and the Dawmac Newsletter?

Firstly - edition 240 represents 20 plus years of our newsletter.

Secondly – your enclosed or online statement with April, May & June invoices possibly represents the first time in my working years at Dawmac that we are actually up to date with our monthly accounts.

Our plan going forward is at the beginning of each week to invoice the previous 7 days (1 week of trading). For those who receive accounts via email you will be able to review your purchases and track your spending on a weekly basis. For those who get their accounts via Australia Post you will still receive these in one envelope – invoices and monthly statement, around the 10<sup>th</sup> of the following month.

Our only exception will be jobs done by Paul Lane – we are still struggling to receive from Paul completed job cards in a timely manner.

For July 2023 we will invoice in 3 blocks of dates to finalize our catch up – first 14 days, then second 14 days & then final 3 days of activity.

We thank you for your patience over many years of trading and hopefully this change will assist everyone.

Best of health to everyone and good fortune.

Cheers and Good Health—John P Lane (Managing Director)
